*Understanding the Cycles of Time*

**Debuts**

**at the MetaCenter, 214 W. 29<sup>th</sup> St. , This Wednesday, July 18, 7:30-9:30**

Imagine that you had the opportunity to spend an evening with the main creator of the Mayan Calendar. This isn't exactly that, but it's beginning to approach it. David Katzmir has been incubating these ideas which have become "Kalarhythms" for over 30 years. Only now are they fully hatched and ready for public consumption. Besides debut on A Better World Radio and TV, this coming Wednesday's talk at the MetaCenter will be the first time the public will be exposed to the fuller array of this profound discovery about time cycles and their application to our present and future lives on the planet. Get the insight!

The Mayan Calendar, provocative as it is, ends Dec. 21, 2012. Kalarhythms, also provocative, continues on and gives us some guide as to what we can expect in the future. In a world of uncertainty, this is not a small or trivial comment or matter. Are you curious about what's to come and the basis of these predictions? This will be discussed in *dazzling detail* and flourish next Wed., July 18 at the MetaCenter. You won't want to miss this.

--How can understanding Time Cycles according to Kalarhythms make a difference in my personal and professional lives and to my happiness, survival and success?

--Why do the Stock and Currency Markets fluctuate as they do and using Kalarhythms, can we gain some predictive knowledge of what will be happening next and specifically when?

---Can Kalarhythms help predict the coming of a New Age, where and when? Can it inform me as to where it is safest to live in times of crisis?

---In these stressful, chaotic times, how can Kalarhythms help us to guide ourselves through such rocky terrain, and how long will it last?

### The Release Meter

Originally envisioned by the New York , Jewish Physicist and engineer Lester Levenson, a tool to measure consciousness—in particular, our attachments and aversions, our subconscious resistance to our own success and fulfillment of goals is now available. By using this, you will see in black and white, just how far along you are on the path to happiness, success and bliss. You will be entraining your being into a state of blissful, centered tranquility and ease. The noise and static of the subconscious mind will be released. Can you imagine becoming free of self-doubt, low self-esteem or unwanted feelings? disempowering thoughts? This is possible through this simple, elegant miniaturized dry, EEG machine. These sell for \$2,395., itself unbelievably low for an EEG machine, which are typically 5k+ . Through A Better World, you can get one for **only \$1,295**. Go to [www.abetterworld.net](http://www.abetterworld.net) under Affiliates. With the Meter and Larry Crane's Release Technique & Abundance Course for free.

### Amazon Herb Conference Aug. 3-5 in Scottsdale , AZ.

Business is becoming spiritualized. It is becoming a place of not only ethical, humane and ecologically-sensitive practices, but compassionate activity. Further, in some cases, such as that of Amazon Herb Co., it is taking on a leadership role. If you want to be part of the solution, if you want your spending habits to lead you to beaming health and to make a fruitful difference in this world for the sake of all sentient life by protecting the Rainforest & its Indigenous People, spend some money every month for gourmet-style herb-foods, tea, incredible skin-care products or pure dark Chocolate, and know that every dollar you spend is also helping to preserve the Lungs of the Earth, the Amazon Rainforest and its inhabitants.

To make a monthly, or a periodic purchase, go to: [www.awakening.amazonherb.net](http://www.awakening.amazonherb.net) under Concentrated Nutrition, to place an order, or call 800 835-0850 and say that you’re ordering through A Better World. If you have any interest in referring others to make purchases as well and want to receive referral fees for so doing, an order of over \$100. will automatically qualify you to do so. For recommendations for your first order, contact us at [abetterworldinfo@yahoo.com](mailto:abetterworldinfo@yahoo.com), put “Amazon Herb Order” in the subject, and we’ll get right back to you with suggestions that relate to your needs and desires. If you want to have a first-hand experience of Business-As-Community, join us in Scottsdale August 3-5. Call the above number for details. This is how we’re transforming our planet—business by business, forest by forest, people by people.

**Join Mitchell J. Rabin & Hilary Bee on  
Making the World A Better Place & the Oneness Blessing  
at New Vision Church , Scottsdale , AZ., Fri., August 3**

This will be a wonderful evening in which two people who have been dedicated to a path of spiritual awakening on the material plane, Mitchell J. Rabin and Hilary Bee, come together to speak and for Q & A. about a subject so vitally important to us on levels from survival to soul's compassion for Earth and her inhabitants. Plus the creative possibilities emerging from the ashes like a beautiful Phoenix ...wait a minute, isn't Scottsdale a suburb of " Phoenix "?? And you'll participate in the grace of the Oneness Blessing, which helps to open the pre-frontal lobes and heart, giving us the joyful experience of Oneness. Hope you join us.

**Freedom Rocks – Prosperity for the People Unveiled**

An underlying theme of human history is that “the rich get richer”, and as my mother used to say, “the poor have more babies...” Well, here is potential for change. One of the things our country has led the world in is greater economic mobility for those willing to “go for it”. Well, this just became a step, actually a quantum step truer. It involves what is now a 2 trillion-dollar a day market that the ‘ordinary person’ can now enter, and if wise and prudent, can steadily gain and actually become financially independent, for about 10 minutes per day. Currently, it’s a well-kept secret, and known to but a very few, but A Better World is helping to educate mainstream & its good friends about this so that those interested in such prosperity—not just thinking, dreaming or talking about it, can actually, through a step-by-step methodology, *realize* it. Simply go to: [www.freedomrocks.com/abetterworld](http://www.freedomrocks.com/abetterworld) and watch the Product movie. This is a 14-minute introduction to the investment strategy at hand here. It requires a little money, attention and diligence, but less than has traditionally been needed. This is nothing short of, for those who see it, a gift from Heaven. Spiritual communities, including the Oneness community, always at odds with the material world, are beginning to ‘wake up’ and get that the Right Use of Money can be very powerful. Our enemy is not money as many have mistakenly believed, but unconsciousness around money. It is a tool, like any other, and in responsible beings’ hands, can be very useful and sustainable. Take a look:

Rather conservatively, \$5,000, in about 7 years, could fairly smoothly in 10 minutes per day (*after* you’ve learned how to use the system), become 1.2 million. If that’s interesting to you, contact us at [abetterworldinfo@yahoo.com](mailto:abetterworldinfo@yahoo.com) after you watch the video and we’ll guide you through the next steps toward actualizing this. Housewives, students, non-investors are succeeding at this. So will we. At A Better World, we feel that being prosperous in our society is a natural expression of human consciousness, and promotes generosity and the moving of society to another evolutionary plane. Prosperity isn’t about material gain or possessions oddly and ironically, but about having the life-force available to manifest life-affirming, creative activities and to be empowered to live a life free from reptilian considerations while upgrading living to a high art for all sentient beings.

This long-term investment strategy, when coupled with the herbs from the Amazon such as Illumination and Pure Camu, and measured with the Release Meter, will vitalize you mentally and physically, while freeing you emotionally, to become a genuinely “spiritualized, loving, sensitive, compassionate, intelligent and prosperous human”. Those on the HEB Program continue to affirm and empower their heart’s desires. Each aspect of our Holistic Program for the Art of Living contributes physically and energetically to success in Life. So join us in them all. Clear the money issues and get free!
