Is this a modern-day Mayan Calendar?

The Evening opens with the lovely Kirtan Singer, Rena Majeed.
 Rena opens many of A Better World's Events & Everyone is *glad* she does...

Get a Foothold in the Future. Learn about Kalarhythms in your own Backyard.

Imagine that you had the opportunity to spend an evening with the main creator of the Mayan Calendar. This isn't exactly that, but it's beginning to approach it. David Katzmire has been incubating these ideas which have become "Kalarhythms" for some 30 years. Only now are they fully hatched and ready for public consumption.

The Mayan Calendar ends Dec. 21, 2012. Kalarhythms, continues. Interesting...

--- How can understanding Time Cycles according to Kalarhythms make a difference in my personal and professional lives and to my happiness, survival and success?

--- Why do the Stock and Currency Markets fluctuate as they do and using Kalarhythms, can we gain some predictive knowledge of what will be happening next and specifically when?

--- Can Kalarhythms help predict the coming of a New Age, where and when? Can it inform me as to where it is safest to live in times of crisis?

--- In these stressful, chaotic times, how can Kalarhythms help us to guide ourselves through such rocky terrain, and how long will it last?

As one of the founding Co-Creators of Coalition For OneVoice, I invite you to join us in following up with the energy from the fun we had On June 17 at F.I.T.'s celebration called "The Passion to Connect" Event. Now, we're getting down to 'brass tacks', so we can look to move forward on a few different fronts.

How did we collectively effect change in our home town toward the goal of making "a better world"? I will be heading up the Health & Healing Focus Group so please join us and let's take our visions a next step.

The evening begins with the lovely dancer and singer of Kirtan, Rena Majeed who inspires and touches hearts with her voice and movement. Hope you join us!
